Trustees' report
for the year ended 31 March 2021

The Trustees present their annual report together with the audited financial statements of the company for the year 1 April 2020 to 31 March 2021. The Trustees confirm that the Annual Report and financial statements of the company comply with the current statutory requirements, the requirements of the company's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (second edition effective October 2019).

Since the Company qualifies as small under section 382 of the Companies Act 2006, the Strategic report required of medium and large companies under the Companies Act 2006 (Strategic Report and Directors' Report) Regulations 2013 has been omitted.

Objectives and activities

a. Vision, Mission and Values

TDC's Vision is for Brighton and Hove to become a city of equality, diversity and inclusion where our communities thrive.

Our Mission is to deliver community-led solutions.

Our Values are community, equality, diversity and inclusion.

Community "Strong communities are the key to health and happiness!". Community-led solutions produce longer lasting and more meaningful change. When we connect people, organisations and communities this maximises our resources and improves our well-being. Together we are greater than the sum of our parts.

Equality "None of us can truly thrive whilst some of us are in poverty!" To address economic, social and health inequalities, we recognise that everyone has different needs and opportunities. It is essential that resources are focused where they are most needed to enable everyone to play their full part - which benefits us all.

Diversity "Our diversity is our strength!" We are enriched by our range of cultures, situations, sexualities, genders, faiths, ages and abilities. This unique blend gives us the experience and perspectives we need to address our city's problems.

Inclusion "There is no 'them and us' only us!" We all have something valuable to offer, so when we support people to participate, including our most excluded and vulnerable residents - everyone gains from this contribution.

b. Objectives

TDC deliver community development and engagement work in Brighton and Hove supporting communities to build on their strengths, identify issues and deliver solutions. We work with people living in areas with high levels of poverty and people from communities that experience exclusion. This includes work with young people, older people and people from Black, Asian and minority ethnic communities. By showing that tackling inequality benefits the whole community we aim to inspire people to take action.

c. Strategy

Our current strategy 'Community-led Solutions to Tackling Inequality' lays the path for TDC to become a healthy and sustainable organisation delivering a dynamic programme of community-led solutions that reduces the unacceptable inequality in Brighton and Hove.

To make this happen TDC has taken on leadership roles in new partnerships delivering community development, engagement and youth work across the city, focusing on empowering communities and bringing people together to make positive social change.

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

d. Activities, Achievements and Performance

Covid-19

The year 2020-21 was dominated by Covid-19. By the end of the year there had been 468 deaths from Covid in Brighton & Hove, 126,978 in the UK and 2,937,715 across the world. This tragedy has shone a light on stark health inequalities - with the disease disproportionately affecting people in poverty and people from Black, Asian and minority ethnic communities – both globally and here at home in Brighton and Hove.

As well as the loss of lives, there has been the loss of livelihoods, with reports showing that over 2 million people in the country did not work for the second half of the year. Then there is the social impact of the virus. With so many of the activities we all do to keep ourselves well, healthy and connected being cut or shut.

Despite all this it has been inspiring to see the community response to this crisis. We have seen people looking out for each other like never before, providing food, doing shopping, phone calls, door knocks, whatever is needed. The community spirit has been astonishing.

It has been communities themselves that have led the response here in Brighton & Hove and we are so proud of the way that TDC has been there in the background providing the much-needed support to enable this to happen.

TDC's Neighbourhood Team jumped in without hesitation or a break to bolster local food efforts, our Youth Team went above and beyond to reach out to vulnerable young people and the Equalities Team have produced significant research highlighting injustice and have supported people facing exclusion through the crisis. Our Central Team have also been remarkable - navigating the challenges of providing 'back-office' support with no actual office - enabling a swift and effective transformation of our delivery infrastructure.

"This pandemic has demanded a response unprecedented in peace time, and our communities have delivered."
Locality - We Were Built for This.

Each department's work throughout this most challenging of years is now detailed below.

Neighbourhood

Inclusive Community Partnership. TDC led the Inclusive Community Partnership to bid for and win the Brighton and Hove City Council three-year Third Sector Commission contract to integrate community development and engagement to tackle inequality in our city.

The partnership of eleven trusted, high quality, locally based charities, combined their expertise and resources to successfully deliver the first year - far exceeding our targets whilst responding to the unprecedented challenges of Covid.

The Partnership engaged over 4,500 people in neighbourhood activity in areas experiencing high levels of poverty and a further 11,000 people in engagement activities with people experiencing exclusion. This included: 4,000 people from Black, Asian or minority ethnic communities engaged by TDC, Sussex Interpreting Services and Hangleton & Knoll Project (HKP); 3,500 carers supported by the Carer's Hub with nearly 900 new referrals; 2,000 people with special educational needs supported by Amaze; along with specialist work from LGBT Switchboard, The Clare Project, Possability People, Friends Families Travellers, Health Watch and Speak Out.

TDC enabled over 70,000 community volunteer hours in the year, well above the target of 48,000, which included work such as delivering over 150,000 Covid Info Newsletters across the city. This was essential work to complement the creation of the covidbrightonhove.org.uk website (with Community Works) to ensure vital information got to everyone – both on and off-line. Some of the most challenging volunteering across the year was the coordination of food hubs across city – who experienced on average a four-fold increase in need through the year. Our volunteer support courses were key in keeping these vital community-led services running.

"The experience I gained helping to coordinate the Bristol Estate Food Hub was invaluable as it taught me how

The Trust for Developing Communities **(A company limited by guarantee)**

Trustees' report (continued) **for the year ended 31 March 2021**

to manage groups of people, be highly adaptable to challenges as they arise and put compassion at the forefront of my work" Volunteer, Bristol Food Hub

The crucial role of community buildings was also highlighted through the pandemic and TDC supported 48 community groups running buildings in the city through the Community Buildings Network, many of whom hosted food hubs and vital community services.

We supported over 100 community groups to win grants to run activities engaging over 4,000 people with local well-being opportunities through the Healthy Neighbourhood Fund.

"I am so glad I joined this; at points I have felt suicidal and being involved in this group has literally saved my life." Member of Men's Exercise Group

Throughout this work we also supported local community anchor organisations and small groups to bring in £360k to enable grassroots responses to the crisis and shore up sustainability of community assets - well above the target of £50,000 and we generated an additional £195,000 in in-kind support.

Some community groups providing key citywide services invited us in to support their development including the Racial Harassment Forum who contracted us to support them to develop independent governance and successfully register as a Charitable Incorporated Organisation. ADHD Aware continued to contract us to advise on fundraising, governance and growing their volunteer programme. Their online offering providing crucial support during lockdowns with over 40,000 responses in the year to people who are neuro diverse and their friends and families.

"TDC has been a steady and experienced guide as our group navigated uncertain times this year. They have supported us as we moved into providing our services digitally, as well as expanding our capabilities into new areas." ADHD Aware Trustee

Older People. TDC's work to support older people is delivered through the Ageing Well partnership, led by Impact Initiatives. With this group being one of those most at risk with the sudden onset of lockdown, TDC developed new approaches which involved telephone, e-mail and postal support to individuals to supplement our usual community development group work activity. Our initial priority was to establish that everyone had access to food supplies and medication.

We supported local community groups to create and maintain telephone trees in order to cascade well-being information among their members, which became a crucial way to keep people updated as the guidelines changed over the course of the year. We supported people to safely return to meeting where possible. One particular highlight was an Intergenerational PenPals project which brightened the days of both older and younger people thereby helping to reduce loneliness.

"Thanks to the phone calls and emails I received, I was able to access the Covid vaccination process at the Portslade Medical Centre and was given confidence to attend."

Equalities

Support. TDC's Equalities Team delivered projects to support people from Black, Asian and minority ethnic communities with health and well-being support through both one-to-one and group work.

Our Community Roots work supported twelve Black, Asian, and ethnically diverse community groups, involving 408 people, and a further 18 people with more complex mental health issues. We deliver this work in partnership with HKP, whilst the project is led by Southdown Housing. We were delighted that Community Roots won the Sussex Community Star and Care Award in the mental health category. Our Social Prescribing Plus project, delivered through a partnership with Together Co focused support on issues of isolation, financial exclusion and housing.

We began a new targeted engagement project with the local Albanian Community to share information on accessing support opportunities, we helped grow community groups by 67% with now over 700 members engaging.

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

We successfully completed our MESH project which provided English language support to migrants in partnership with Voices in Exile and have secured new funding from the Department of Work and Pensions to widen the work to include employability support to start in Autumn 2021.

"When I came to Brighton, I was like a plant pulled from its land, I was afraid people couldn't understand me... we begin from zero, this is very hard for us. MESH made these things easier for me. Now, through the MESH caseworker, things make sense... Now I know some people, I meet friends, I understand how this system works. I'm starting to stretch my roots into Brighton." MESH participant.

Voice. We delivered five projects to gather views about services from the City Council and the NHS. Wherever possible we ensure the research is community led. This work included creating a new Community Voices group to enable people from Black, Asian and minority ethnic communities to identify their own priorities and inviting commissioners to discuss these issues - reversing the previous commissioner-led approach. We also ran research with people with learning disabilities and a Health Inclusion project in East Brighton in partnership with the Wellsbourne GP Practice - with a view to setting up a new health forum.

The largest and most significant piece of research work we delivered in the year was The NHS, COVID-19 and Lockdown: The Black, Asian, Minoritised Ethnic and Refugee Experience in Brighton and Hove. We led a partnership of six local charities with Dr Anusree Biswas Sasidharan as lead researcher to survey over 300 people about their experiences of the NHS, Covid and lockdown. The impact has included new follow up projects to action recommendations, new focus on translating materials, proactive outreach to diverse communities around vaccine uptake and new initiatives and posts around race equality in the NHS Clinical Commissioning Group.

Community Learning. The Equalities Team also delivered extensive Community Learning work in areas of the city experiencing high levels of poverty. In the first year of a new three-year partnership with Brighton Unemployed Families Centre Project and HKP we supported 313 learners in 904 learning sessions - 1,808 learner hours in total. Whilst our Finding Your Way project enrolled 17 learners on an employability support course.

"I feel more confident with information about job applications and cover letters, this course has given me the confidence." Finding Your Way course participant.

We delivered training on community development for UK Faculty of Public Health Registrars and for the National Trust and deliver bi-monthly hub networking events for cross-sector staff in neighbourhoods across the city.

"I am fired up and excited - the course was inspirational." Public Health Registrar

Youth Work

Youth Clubs & Detached. TDC's youth work is focused on supporting the communities with the highest levels of deprivation in the city. 56% of all visits to TDC youth sessions were from young people living in the 10% most deprived areas of the city by the Income Deprivation Affecting Children Index.

With the onset of Covid the Youth Team worked hard to use a variety of methods to continue to engage with young people throughout the various lockdowns. We consulted with young people about preferred platforms and social media preferences so that we could provide support to as many young people as possible.

Online work was supplemented with calls home to increase contact between workers and families/carers who were then more confident contacting youth workers with concerns. Weekly live online sessions offered information and support on mental health, wellbeing, relaxation, current events, fake news and campaigns. Regular welfare checks were key in identifying those young people in need of additional support, such offering one-to-one 'walk and talk' sessions within social distancing guidelines and signposting to specialist support where needed.

Through Brighton Streets, the citywide detached youth work partnership led by TDC - youth workers received formal Key Worker status, enabling us to replace many building-based sessions, with on-road youth work. We

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

made 1,826 interventions with young people through this work, which included workers building positive relationships with young people who were not previously engaging with services.

"There is a clear and plausible causal link between youth workers' support and a reduction in young people's involvement in negative, risky and potentially violent behaviour" The Centre for Education & Youth, May 2021 – Evaluation of Brighton Streets.

Youth Participation. We developed a new Youth Leadership programme, seeing Young Leaders delivering training on participation for the TDC Youth Team and one of moving onto a formal Youth Work qualification.

Young People joined the Youth Voice Group which made recommendations to the Local Violence Reduction Partnership on ways to engage young people and reduce youth violence. With young people participating in the Centre for Education and Youth evaluation to look at the impact of detached youth work.

Special Projects. We were able to offer a full summer programme and also supported young people to write successful bids to the Youth Led Grants Scheme including: a Young Men's Group, football tournament, workshops on drug and alcohol education over a sleepover/residential weekend. This work was done via Zoom, text messages, phone calls and on detached sessions.

TDC continued to deliver Curiosity Club – our science, technology and environmental awareness club in East Brighton. Youth workers also delivered both online and in real life sessions with the Look Sussex club for blind and visually impaired young people and continued our youth work with Travellers when lockdown rules allowed.

TDC's Kit Car project, building an electric car from scratch and racing it at Goodwood had a range of young people from backgrounds of anti-social behaviour, issues with the police, in foster care and all in need of some social inclusion. The project allowed them to gain a new experience and build upon their social skills.

Reboot coaches provided individual support to 35 young people at risk of progressing through the criminal justice system to engage with diversionary, activities, develop resilience and coping strategies and re-engage with education and training.

TDC delivered Winter Welfare hampers containing store cupboard essentials, blankets, socks, food vouchers and a specially written TDC Youth Team Cookbook to the families of young people we work with that were in need.

"You wouldn't believe how much I need this right now – this is my broke week. I've just had a letter from the letting agent saying they'd undercharged my rent so I'm now a £1000 in arrears. I've no food and my mum has just sent me £25 to try and get through the week. – this is amazing, thank you so much"

e. Main activities undertaken to further the Company's purposes for the public benefit

TDC's main activities, as described above, are all focused on supporting communities experiencing poverty and exclusion in the city of Brighton and Hove – for public benefit.

The Trustees confirm that they have had due regard to Charity Commission guidance on public benefit in setting the Charity's objectives and activities.

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

Financial review

a. Going concern

Due to the challenges of Covid, the Trustees have given additional attention to this issue of going concern for TDC. After making extensive enquiries, the Trustees are fully confident that the Company has adequate resources to continue at full operational capacity for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

b. Results for the year

The charity's total income for the year was £1,354,995 (2020: £1,035,240) and had net incoming resources for the year of £35,636 (2020: net outgoing resources £12,568).

c. Reserves policy

The TDC reserves policy is to: ensure the organisation's resilience; protect ongoing sustainability; enable the continuation of delivery of charitable activities for our beneficiaries; and as a demonstration of good stewardship of the charity's funds. To achieve this, the Trustees believe that the reserves target is to hold the appropriate funding to cover our designated funds, additionally the charity's organisational costs for three months – including staffing and central services costs, and also a sum for legal and redundancy costs in the case of closure.

The current figure represented by this reserves target is £310,000 (2020: £270,000). After the year end our redundancy costs have been updated and agreed by the Trustees to have risen to £73,000, which is the figure incorporated within our reserves target. After taking account of designated funds and fixed assets, our remaining free reserves stand at £280,000 (2020: £243,900), this shows we have reached 90% (2020: 90%) of our target.

TDC continues to operate within our sustainable business model which is designed to give the organisation a more secure financial footing and build greater resilience. This includes investing in essential infrastructure, whilst developing a broader range of income generation activities. We were able to grow our reserves in this financial year, with the percentage target remaining at 90% due to the increasing growth in our turnover. We remain on track to reach our reserves target within two years.

d. Investments policy

All TDC monies held in reserves are spread across different financial institutions that are covered by the £85,000 maximum Financial Services Compensation Scheme. We review the investment income from these funds at Internal Sub-Committee meetings and weigh this against speed of access to monies.

e. Principal risks

TDC regularly consider the major risks to which the charity is potentially exposed and are confident that controls are in place to mitigate those risks. We pay particular attention to our work with children and with vulnerable adults - ensuring we have robust safeguarding and child protection policies and procedures in place. In the year we implemented new safeguarding software MyConcern to further improve safeguarding reporting and follow up.

TDC's risk management approach is overseen by our Board of Trustees and includes a regular thorough review of the risks that we may encounter. This informs the ongoing development of policies and procedures which serve to mitigate identified risks. We are proactive in addressing risk and respond promptly to emerging issues.

We continued to utilise our Coronavirus Risk Assessment process which focused on supporting communities safely, ensuring staff wellbeing, transforming working practices and securing the sustainability of the organisation. We have continued with protocols to keep key policies frequently updated with close attention on evolving national and local guidance. The focus of the Internal Sub-Committee has been on the impact of Covid on services and on financial strength, with the return to a broader view of risk planned for 2021.

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

f. Financial risk

2020-21 was TDC's first year employing a new Finance Director role, who brought greater robustness to our finance systems through revising our Finance Procedures and implementing new controls. Further progress to mitigate against financial risk was achieved through outsourcing our payroll to a specialist professional company. Oversight of financial risk is conducted at Board level through regular Internal Sub-Committee meetings, which are chaired by TDC's Treasurer.

g. Principal funding and income generation

TDC has achieved a second consecutive year of over 30% growth. The charity continues to be primarily funded through local statutory sources of income, though has been careful to cultivate a broader range of income sources to ensure organisational sustainability, with the full list of TDC's funders detailed below.

The Trustees are mindful of ensuring that any new income streams are only to deliver work that fits the organisation's values and community development approach; and of investing in organisational infrastructure to ensure that the organisation's internal capacity can continue to successfully support delivery, as has been the case again this year.

Responsibility for income generation is shared amongst senior staff, led by the Chief Executive and supported by a Development Manager and the Directors of each delivery Department.

h. Support costs

For these accounts the Trustees are presenting the full Support Costs of the organisation, which explains the increase in this area. We will be using this revised format going forward, which will enable a clearer comparative in future years.

In 2019-20 the Support Costs analysis showed only the core costs, that is staff and services, which were unallocated to projects, and therefore paid out of unrestricted funds.

In 2020-21 the Support Costs analysis shows the full Central Services costs, all of which were allocated to projects.

Structure, governance and management

a. Constitution

The Trust for Developing Communities is registered as a charitable company limited by guarantee and was set up by a Trust deed.

Its governing document is its Memorandum and Articles of Association dated 3 March 2000, amended at General Meetings held on 12 December 2002, 20 October 2004 and 18th October 2016.

b. Trustees appointment, induction and indemnity

The management of the Company is the responsibility of the Trustees, who are elected to serve three-year terms by TDC's Members at each Annual General Meeting (AGM). With TDC's Membership comprising local community groups and individuals.

Prospective Trustees undertake a thorough application and induction process and can be co-opted onto the Board by Trustees before standing at the AGM. The Trustees must consist of at least five and not more than 15 individuals. One third of the Trustees must retire at each AGM, though may stand for re-election. The current number of Trustees is eight.

In addition to a robust risk framework and governance procedures, TDC purchase Trustee indemnity insurance.

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

c. Organisational structure, management, staffing and remuneration

The Trustees delegate day to day decision making to the Chief Executive who is supported by the Senior Leadership Team, comprising department directors and key central staff.

TDC employed 45 staff in 2020-21 who are organised into Teams, each led by a Director.

TDC operate a remuneration policy overseen by the Board of Trustees which is used to set the pay and remuneration for TDC's key management personnel, and for all staff. The organisation uses the National Joint Council pay scales to set pay levels and assigns roles to specific bandings to reflect the skills required for specific roles. Employees at TDC progress to the next salary point within their band on 1st April each year, subject to satisfactory performance, assuming they have been in post for over 6 months and until they reach the top of their scale. Each year, TDC Trustees will determine whether the salary points for all staff should be adjusted to reflect cost of living changes in the NJC salary scales, taking account of benchmarking with similar organisations. A cost-of-living increase was awarded for 2020-21 in line with inflation.

The Trustees would like to express their particular admiration and respect for the whole staff team at TDC who worked tirelessly throughout the year to ensure that TDC was able to be at the forefront of the community-led responses to Covid. The organisation created a series of well-being measures aiming to support staff through the many challenging situations faced, such as working around home schooling, isolation, concerns for family and friends. Throughout all this the staff team's dedication and commitment shone through and is much appreciated by the Trustees.

d. Related party relationships

TDC has not entered into any related party transaction during the year, nor are there any outstanding balances owing between related parties and TDC at 31 March 2021.

Plans for future periods

TDC is in the process of reviewing our strategy in light of the upheaval of Covid – however our vision of a city free from inequality and of achieving this through empowering and connecting communities remains unwavering.

To respond more effectively to the changing needs of communities, we are exploring ways increasing participation both within our delivery and within the organisation itself of developing new methods that allow us to pilot community led approaches and respond to learning in a more agile way.

We foresee responding to the aftermath of Covid being the lead focus of work for the coming year and that successful partnership working will remain key to our success.

The Trustees of TDC would like to take this opportunity to thank all our partners who we work with so closely to achieve more than the sum of our parts. We would also like to thank all our funders and supporters, (listed in Note 4 below, along with Hyde and Clarion Housing Associations) without whom this work would not be possible – your support is greatly appreciated.

Tribute to Barry Hulyer. The Trustees would like to pay special tribute to TDC's founder and community development legend Barry Hulyer who passed away in July 2020.

Barry's tireless devotion and commitment to the local community and to bringing people together has left a significant legacy in Brighton and Hove. Before TDC, Barry ran HKP, and was involved in creating the CVSF (now Community Works), Audio Active and the Resource Centre – all successful and influential charities to this day.

To honour Barry Hulyer's memory, TDC is creating a series of 'Chat Benches' around the city to enable people who feel isolated in their daily lives to be able make a connection with someone new.

The Trust for Developing Communities
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 March 2021

Statement of Trustees' responsibilities

The Trustees (who are also the directors of the Company for the purposes of company law) are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year. Under company law, the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP (FRS 102);
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards (FRS 102) have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

Each of the persons who are Trustees at the time when this Trustees' report is approved has confirmed that:

- so far as that Trustee is aware, there is no relevant audit information of which the charity's auditors are unaware, and
- that Trustee has taken all the steps that ought to have been taken as a Trustee in order to be aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

Auditors

The auditors, Kreston Reeves LLP, have indicated their willingness to continue in office. The designated Trustees will propose a motion reappointing the auditors at a meeting of the Trustees.

Approved by order of the members of the board of Trustees and signed on their behalf by:

.....
Mr M Pattinson
(Trustee)

The entity was entitled to exemption from audit under section 477 of the Companies Act 2006.

The members have not required the entity to obtain an audit for the year in question in accordance with section 476 of the Companies Act 2006.

However, an audit is required in accordance with section 144 of the Charities Act 2011.

The Trustees acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and preparation of financial statements.

The financial statements have been prepared in accordance with the provisions applicable to entities subject to the small companies regime.

The financial statements were approved and authorised for issue by the Trustees and signed on their behalf by:

.....
Mr M Pattinson

The Trust for Developing Communities
(A company limited by guarantee)

Notes to the financial statements
for the year ended 31 March 2021

1. General information

The company is a company limited by guarantee. Membership of the company is open to any individual or organisation interested in promoting the objects. Members elect trustees to govern the company. In the event of the company being wound up, the liability in respect of the guarantee is limited to £1 per member of the company.

The registered office and principal place of business of the charity is:

Community Base
113 Queens Road
Brighton
England
BN1 3XG

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with the Charities SORP (FRS 102) - Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

The Trust for Developing Communities meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

2.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

Whilst the impact of the COVID 19 pandemic has been assessed by the Trustees, so far as is reasonably possible, due to its unprecedented impact on the worldwide economy it is difficult to evaluate with any certainty the potential outcomes on the charity's future activities. However, taking into consideration the charity's level of reserves, the Trustees believe that the charity will be able to continue in operational existence for the foreseeable future.

The Trust for Developing Communities
(A company limited by guarantee)

Notes to the financial statements
for the year ended 31 March 2021

2. Accounting policies (continued)

2.3 Income

All income is recognised once the Company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Income from donations is accounted for as received by the charity.

Grants are included in the Statement of financial activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance sheet. Where income is received in advance of entitlement of receipt, its recognition is deferred and included in creditors as deferred income. Where entitlement occurs before income is received, the income is accrued.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

2.4 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Expenditure on raising funds includes all expenditure incurred by the Company to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

Expenditure on charitable activities is incurred on directly undertaking the activities which further the Company's objectives, as well as any associated support costs.

All expenditure is inclusive of irrecoverable VAT.

2.5 Government grants

Government grants relating to tangible fixed assets are treated as deferred income and released to the Statement of financial activities over the expected useful lives of the assets concerned. Other grants are credited to the Statement of financial activities as the related expenditure is incurred.

2.6 Tangible fixed assets and depreciation

Tangible fixed assets costing £1,000 or more are capitalised and recognised when future economic benefits are probable and the cost or value of the asset can be measured reliably.

Tangible fixed assets are initially recognised at cost. After recognition, under the cost model, tangible fixed assets are measured at cost less accumulated depreciation. All costs incurred to bring a tangible fixed asset into its intended working condition should be included in the measurement of cost.

The Trust for Developing Communities
(A company limited by guarantee)

Notes to the financial statements
for the year ended 31 March 2021

2. Accounting policies (continued)

2.6 Tangible fixed assets and depreciation (continued)

Depreciation is charged so as to allocate the cost of tangible fixed assets less their residual value over their estimated useful lives.

Depreciation is provided on the following basis:

Fixtures, fittings & computer equipment - 3 years straight line

2.7 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

2.8 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

2.9 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the Company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

2.10 Financial instruments

The Company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

2.11 Operating leases

Rentals paid under operating leases are charged to the Statement of financial activities on a straight line basis over the lease term.

2.12 Pensions

The Company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the Company to the fund in respect of the year.

The Trust for Developing Communities
(A company limited by guarantee)

Notes to the financial statements
for the year ended 31 March 2021

2. Accounting policies (continued)

2.13 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the Company and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

Investment income, gains and losses are allocated to the appropriate fund.

for the year ended 31 March 2021

BHCC Third Sector Commission – Community Development and Engagement

TDC lead the Inclusive Community Partnership who deliver community development work in neighbourhoods experiencing poverty and deprivation and community engagement work with communities experiencing exclusion.

Adult Social Care - BHCC Ageing Well

Delivering community development work with older people, funded by Adult Social Care through the Ageing Well partnership.

Brighton and Hove Youth Grants Programme

Commissioned by BHCC to deliver youth work in two contracts - one for the North Area and one for the East Area of the city.

Violence Reduction Unit - Brighton Streets

TDC lead this partnership featuring Hangleton & Knoll Project (HKP) and Turner Community Project to deliver detached youth work across the city. Funded originates from the Home Office's Violence Reduction Unit and is overseen by Sussex Police and the Council.

Home Office Early Intervention Youth Fund

REBOOT is a personalised, one-to-one support package for children and young people who are at risk of engaging in serious violence and gang behaviour. TDC are members of a partnership led by YMCA DLG. Reboot is funded by the Home Office Early Intervention Fund through the Sussex Police and Crime Commissioner.

Community Roots

To improve the mental health and well-being of people from Black, Asian and minority ethnic communities through both group work and individual support. Commissioned by BHCC and the CCG through the Community Roots partnership led by Southdown. TDC deliver in partnership with HKP.

Community Learning Programme

Support for community members in neighbourhoods experiencing deprivation to access learning opportunities. TDC lead a partnership including HKP and Brighton Unemployed Centre Families Project which is funded through the council's Third Sector Commission.

Controlling Migration Fund via BHCC

The MESH project (Migrant English for Speakers of Other Languages Support Hub) project was delivered in partnership with Voices in Exile with funding from the Ministry of Housing and Local Government's Controlling Migration Fund.
